pardesinstitute Here are some photos to spark your Beit Midrash Nostalgia! ✨

In the Pardes Beit Midrash, Jews with deeply varied practices, experiences and knowledge bases come together from across the globe to learn Torah. We see our differences as a source for learning and growth, and use our shared Jewish texts to grapple with modern questions.

Want to join us in this world-renowned lab for Jewish meaning-making and community-building? DM us to learn about joining our highly subsidized year and summer programs in Jerusalem.

If you're an alum, share this with a friend who would love learning at Pardes.
